

DELTA-WRAP

High-Speed Wrap Around Labeller

Our Delta-Wrap, for the intermediate user, includes the powerful Servo Herma H400 head capable of dispensing labels up to 120 Meters/minute.

Labeling speeds depends on label and bottle size but speeds in excess of 150/minute are obtainable.

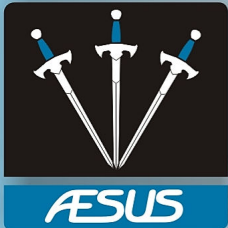

Included is a SS clad base cabinet, color touch screen control with optional recipe management, raised bed Stainless Conveyor, inset scales, infeed wheel, and wrap belt.

The heavy duty mounting plate gives extra rigidity for preferred mounting of Coders and vision systems.

Omron PLC is standard and Allen Bradley is an optional Extra.

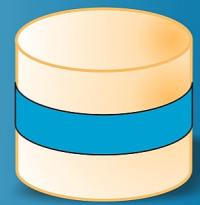

We aim to include in our Delta Series the right amount of convenience but at an affordable price!

DELTA-WRAP

High-Speed Wrap Around Labeller

Accessories

Container Handling Options

- Prism roller system
- Tall Wrap Belts
- Reject Station
- Product Aligner - Belt System
- Product Aligner - Worm System

Label Handling Options

- Oversize infeed reels
- Tall label extenders
- Motorized power rewind
- Motorized power unwind
- Low and broken web detectors
- Hot Stamp Coder
- Thermal Printers
- Missing Label Detector
- Luminescence Detector
- Bar Code Readers

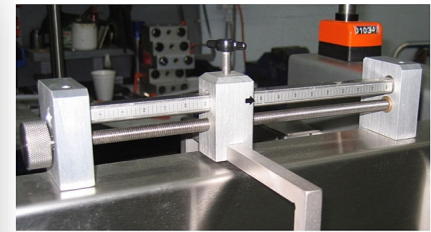

Other Options

- Safety Guarding
- Extended Conveyor
- Verification System
- Vision Systems
- Other Voltages

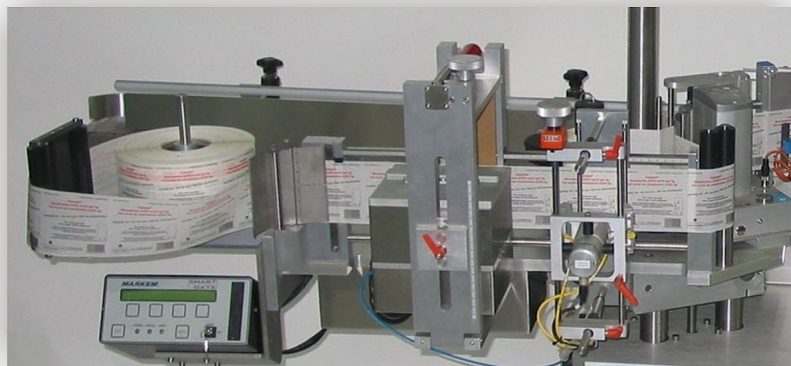

Optional Prism Roller System

A Prism aligner can ensure supreme accuracy by grabbing a difficult container against the wrap belt to align and rotate it a fraction of a second before the label is inserted.

Easier Set ups

Scales inset into shafting for ease of repeat set ups, optional dial indicators (standard on the Premier series), and heavy duty 48mm diameter shafting for effortless adjustments are included where useful.

Heavy Duty Mounting Plate

The heavy duty mounting plate is arranged conveniently along the length of the labeler so that it does not stick out into the aisle way. It is solid to give extra rigidity for preferred mounting of Coders and vision systems.

Recipe Management

User friendly Color Touchscreen incorporates recipe management for easy recall of previous set ups.
